

NORTHTECH

NT-600A VERTICAL BAND RESAW

The Northtech 600a is our entry level vertical resaw with a robust design that incorporates 24" band wheels, oversized work table, a 7.5HP motor and up to 2" bandsaw blade for years of dependable performance. Having the capability of 1/4"-2" blades allows for curved part cut outs to production resawing.

MAIN MOTOR HP: 7.5 HP.

VOLTAGE, FREQUENCY: 230/460 Volt 60Hz
